PROJECTS

KnowledgeBin - AI notes assistant

10 May, 2026 - 08 Jun, 2026

Mentor: Mr. Amit Shrivastava | Team Size: 1

Key Skills: HTML CSS Python Django SQLite Javascript

KnowledgeBin is a modern, web-based note-taking application designed to enhance productivity through Artificial Intelligence. It moves beyond static text storage by integrating generative AI features such as auto-completion, summarization, and automatic tagging. The project serves as a "second brain" for users, allowing them to capture, organize, and refine their thoughts efficiently using a minimalist interface.

Event Resources Management System

04 Dec, 2023 - 22 Feb, 2024

Team Size: 2

Key Skills: C# Winforms SQL Visual Studio

A management system application for an event solutions company. Built entirely using Microsoft Visual Studio 2022
